Attorney General John Ashcroft
U.S. Justice Department
950 Pennsylvania Avenue, NW
Washington, DC 20530

Dear Mr. Ashcroft,

I am in support of the Microsoft antitrust settlement. It is clearly a compromise for both parties involved. This is, out of the possible options, one of the more reasonable choices.

Restrictions have been set upon Microsoft by the government under the terms of this settlement. These include contractual restrictions on the promotion of Windows technology, relationship with software developers and design obligations.

Please support this settlement. It is important that the technology industry concentrates on business now. The terms will mean a new wave of innovation, promoted by increased competition. I would appreciate it if the folks in Washington spent the taxpayers' money in more efficient ways.

Sincerely,

Thomas Saeda
